Thanks! That's correct that the EX will be recommending the same amount. If they want to request more money from him, they need to do that ASAP. If they want to go straight to Council, they have time.

Thanks for the response.

We are still determining our budget need for 2018/2019. Part of the ADAMHS Board challenge this past two years is that our expenses have exceeded revenues due to the opiate epidemic. We have depleted our reserves and we would need additional funding if we were to sustain those increased initiatives we have put in place.

Good Morning Frank,

Yes, it is my understanding that the ADAMHS Board will be receiving the \$39,363,659 in 2018 and 2019. This was the amount included in the base budget that we just began working on.

Is this number going to be sufficient for 2018/2019? Or was ADAMHS Board going to ask for an increase of funds for this next budget?

Thanks,

Greg

Just want to make sure I am interpreting the financial document correctly – is the County Executive's Recommended Budget to the ADAMHS Board \$39,363,659 in 2018?

Appreciate your clarification.

Good Morning,

Attached you will find a memo regarding the 2018-2019 Executive's Recommended Budget, and an Agency Realignment and Corrections form. This budget recommendation is based on the 2018 and 2019 estimates from our midyear report. You can find those numbers on the midyear documents that I sent at the end of July, or in our Midyear Report [here](#).

Please take some time to review these budget numbers with what your agency is projecting to spend for 2018-2019. If we have not yet scheduled a meeting to discuss the budget, I will be contacting you either today or Tuesday to do so.

If you have any questions on the budget recommendation or the process, please let me know. I am looking forward to working with you and putting together a budget that falls within the financial means of the County, and also allows you to meet your goals and initiatives for 2018-2019.

Thanks,
